Organize your tapes in the order the clips will appear, and then number them.

With each tape, 'zero out' your time display at the tape's **beginning**. As you find plays you want to use, note the time it starts (IN) and the time the play ends (OUT). Write a brief description.

Send or bring your tapes to our store at the address above.

Allow 7-10 days time for us to produce your video.

### OPTIONS

We can help identify you on the screen with a yellow dot.

We can provide the file format you need to post it on YouTube.

Other options available. Call for details or if you have any questions.

Use a another sheet if you have more than 35 clips.
